

*We make you look good by  
making your students look good!*

Capture photographers have been photographing the performing arts at portrait days, recitals, dance conventions, charity events, and theatrical performances for over 13 years. Capture photos have been used in *Dance Teacher*, *Dancer* and *Dance Spirit* Magazines, press publications, books, print and web.

Our staff brings a unique understanding of the art of dance photography with a combined experience of over 24 years in the field of dance. They have performed and competed in all styles of dance. This unique understanding of the dance world, allows them to bring their dance knowledge to each of their portraits and capture each dancer's individual style.

Our primary goal is to ensure your dance "Portrait Day" is a fun, stress-free, and rewarding time for everyone involved - *all while creating memorable photographs to be treasured for a lifetime...*
